More Info:

The goals of this program are to increase audience size and awareness of the Company One Theatre brand on college campuses. This program will build on Company One Theatre’s history of working with Boston’s young adult population.

It is a well known fact that Boston is home to more than a quarter of a million college students. With busy schedules and varying interests, many times, the communities of those students will not extend past their individual college campuses. ONE Rush, however, will lend itself to create the space and time necessary for individuals to break out of their bubbles and meet others from surrounding colleges.

Ideally, ONE members are a diverse group of college students enrolled as undergraduates at Greater Boston colleges and universities. ONE members serve as Company One Theatre advocates, and community engagement specialists. To be specific, ONE Rush is designed to increase the presence of college students at Company One Theatre shows and connect to students from schools all over Boston.

About Us:

Company One Theatre was founded in 1998 to integrate Boston audiences, challenge the city’s social divides and foster a new generation of theatre-makers and theatergoers. Since then we have become a nationally renowned, award-winning theatre company in residence at the Boston Center for the Arts. Our mission is to change the face of Boston theatre by uniting the city’s diverse communities through innovative, socially provocative performance and developing civically engaged artists.
