About the C1 Street Team program:

The C1 Street Team is a group of community organizers that embody our mission to eliminate Boston's social divides that occur along racial, cultural, economic and geographic lines. The Team works directly in Boston neighborhoods, with community groups, on college campuses and in our theatre to seek out and engage the area's 15-24 year old population. The Team begins by creating and developing mutually beneficial relationships with area community organizations. The Team attends, participates and/or promotes our partner's activities, and brings those partners in to our production processes.

About Company One Theatre:

Company One Theatre was founded in 1998 to integrate Boston audiences, challenge the city's social divides and foster a new generation of theatre-makers and theatergoers. Since then we have become a nationally renowned, award-winning theatre company in residence at the Boston Center for the Arts. Our mission is to unite Boston's diverse communities through innovative, socially provocative performance and developing civically engaged artists.
